

REPORT CARD REWARDS

Please make sure that you bring in your report cards every semester to let us see how well you are doing in school. We will then place \$1.00 into your account for each "A" you have earned in the core subjects: Math, English, Reading, Science, History, and High School Language.

GO A LITTLE BATTY

1. To make a batch, create a template by drawing a large bat on a single sheet of paper. Use it to cut as many bats as you like out of black construction paper (cut the finger holes too.)
2. To give the wings dimension, fold them and outline them with white or silver crayon. Glue on a large pom-pom body just below the ears and above the finger holes.
3. Once the glue is dry, stick on two googly eyes.

YOUTH DEPOSIT DRAWING

When you deposit \$10.00 or more into your youth savings account, we will enter you into a monthly drawing for a chance to win a great prize. The drawing is done on the first of the month. We contact the winners by phone and let them know what prize they have won.

Happy Birthday

To all of our youth deposit members. We would like to wish you a Happy Birthday and are sorry to say that we will no longer be publishing the names and birthdates of our youth members due to the increased problems on the internet.
